CHIN SAKDA

FRONT-END DEVERLOPER

2002 St., Tuek Tla, Sen Sok Phnom Penh │ Iqykim275@gmail.com │ +855 71 416 6656

PROFILE

Currently pursuing a degree in Computer Science, I am passionate about coding and continuously expanding my skill set. I thrive on staying updated with the latest technologies and advancements in the field.

PROFESSIONAL SKILLS

HTML	JavaScript
CSS	TailwindCSS
TypeScript	ReactJS
	NextJS

TECHNICAL SKILLS

Git	Interaction Design
Github	Responsive Design

PROJECTS

Projects I have built   **2024 - Present**

- FOODLE │ Github Repo │ Live Demo

A full-stack, responsive food e-commerce application built with the MERN stack equivalent using Supabase. It a plateform which allow user to browse through our menus, managing carts, and simulate a checkuot process. This project use ReactJS for front-end and style using tailwindCSS which make the website resposive and scalable when needed. It also include user authentication, database management (PostgreSQL), and real-time data handling.

Tech Stack: ReactJS, TailwindCSS, Supabase (Auth, PostgreSQL, Realtime), React Router.

- Porfolio │ Github Repo │ Live Demo

Engineered and deployed a modern, responsive portfolio website to highlight my technical abilities and project experience.
  - Built a scalable and maintainable user interface using ReactJS and its component-based architecture.
  - Utilized TailwindCSS for utility-first styling, creating a clean, mobile-first design with a consistent look and feel.

Tech Stack: ReactJS, TailwindCSS.

EDUCATION

Bachelor of Computer Science   **2023 - 2027**
Royal University of Phnom Penh
- Web Deverloper, Networking.
